REMEMBERING Angus

“Officer” Angus: 3 years old We got angus as a 7month old puppy in hopes of a livestock guard dog. But he instead became a big loveable lap dog. Angus was a Great Pyrenees that wasn’t just another farm dog but a protector and a mighty “K9 officer”. He was a trusty partner to Officer Star and helped him solve many cases. His highest ranking case being that of the missing chicken. He helped our family feel safe and sleep soundly knowing no one would harm us or the stock. He left behind his baby brother, a heart broken family and a magnificent Little officer. You will be missed but not forgot Angus, stealer of snacks, best friend, loyal K9 I will forever miss your kisses that you would give whenever we came back home ?????
