REMEMBERING April

April was a beautiful Sheltie with a sweet baby face. She added so much life and fun to our family for 11 years and we will miss her dearly! From the time she was a puppy, April loved to run and bark and herd anything with wheels...the vacuum cleaner, the lawn mower, wheel barrow, kids toys, bicycles, the cat, and she tried for the cars but was always held back, thankfully! She loved to play with her purple ball, and would return it back to you forever as long as you would throw it. She waited patiently for Saturday mornings, so that she could help Dad work in the yard and lay in the green grass. She adored her Sissy, her Mom and Dad, and her best friend, Tiger (the cat). We love you April and you will always live in our hearts! God bless you and keep you.
