REMEMBERING Bella

Survived by her Mommy, Daddy, and little sister Teeny, Bella entered Heaven's gates on July 5, 2019. Bella was one of a kind. I know you think we are bias, but everyone that had the opportunity to meet her would say the same. She was compassionate, graceful, friendly, loving and beautiful. She never met a stranger. We adopted Bella at 6 months old. My husband had agreed to no animals before we married because I was allergic. She was the most unexpected blessing we could ever receive. Bella filled our lives with so much love and completed our family unit as newlyweds. As a puppy she looked more like a bunny rabbit hopping around when she played. As she grew into adulthood she had a grace and demeanor like no other. She was always poised, graceful and a lady; which earned her the title Queen B. Bella-Bell, Bella-Smella and Baby-Bell were some of the other nicknames she earned throughout the years. Anyone that met her or knew her fell in love with her instantly. Bella's favorite activities were snuggling; playing after bath time and checking the mail with daddy. She loved us so deeply she has taken a piece of our hearts with her. We know she is fully restored and playing in heaven with our family members.
