### REMEMBERING Bella Renee

My Bella was such a leader in our pack. Bella stepped up to the task when my previous dog passed 8 years ago. I love her for that so much. Bella would help me round up the pack when it was time to come inside, take a nap or just to discipline the pack. It was quite the scene to witness. I admire & will miss her strength, loyalty & the love she has shown me. I love you my beautiful soul.
