

Bessy Fisher

February 11, 2024

Bessy or Bessy Boo was a dog that loved car rides and being outside, (unless there was a thunderstorm. In that case, she'd be in the bathtub!!) She loved food and treats, except pickles, (which she would eat anyway, but not without gagging), so it was safe to say that pickles were off the menu. Although she loved her treats, a toddler could easily take it away from her without a growl. A gentle, loving soul that will always be in our hearts. Adopted over 10 years ago to fill us with joy. Bessy R.I.P.
