REMEMBERING Blue

Blue came to us as a neighbors dog. She loved our Willie dog and kept escaping to play with Willie. One day they came to our door and said she wants to live here so she became part of our family. She was my bestfriend. She loves laying around being lazy or being for food. Best damn dog. She was a blue healer but was named after the Patys cline song blue. I hope there is an afterlife and I see her again. Love you Blue!
