

Breeze Lawless

January 1, 2015 - February 10, 2026

We adopted Breeze in October of 2015. We recently lost him at the age of 11, and while our home feels very quiet without him, we are so grateful for the years we were lucky enough to have.

From the moment we adopted him, he became such a central part of our family. He had a personality all his own—especially his hyper focus on playing ball. Fetch wasn't just a game for him; it was his passion, his purpose, and his greatest joy. No matter his age or how tired he was, if there was a ball nearby, he was ready.

We didn't just adopt a dog—we got a loyal companion, a source of daily laughter, and a true family member. We will always be thankful that we gave him a second chance in life and he gave us the gift of loving him for 11 beautiful years.

Our hearts are broken, but they are also full because of him.

“ I was his petsitter and he was always so much fun to be with. He would always bring me back his ball when I threw it to him. What was funny was sometimes he wouldn't aim very good when he tossed the ball back to me. I would tell him that I wasn't going to get up and get that! So he would go get it and try again! I would never have to chase down that ball. Lol! I love you sweet Breeze
