

Casi and Sami

REMEMBERING Casi and Sami

Casi Anne passed 2-20-2018 and Sami passed 1-12-2015. We brought 8 week old Sami home in January 2006. Two an half year old Casi was there to greet her. They tore threw the house together and before Casi's diabetes and blindness showed up they chased the squirrels daily. Thank God they never caught any. Casi who was fiercely loyal to Marilyn wouldn't do a thing I asked without first getting a biscuit. Sami had picked me as her chief spoiler and I tried to do the best job I could. They came into our lives so young and left to soon. Losing Casi hurts so much but knowing Sami was there waiting fills our hearts. We will love you both until the day we die. Marilyn & Carleen
