

## Charlie Vitar

November 15, 2009 - March 21, 2024

Charlie was my Christmas present in December 2009. As a young pup, he loved playing with his toys, playing fetch and going on walks. As an adult, his love for food began to immerse. You see, Charlie was a Yellow lab so ALL food was his favorite! Up until his last day in earth, he loved his family and his home. We will forever keep you in all of our hearts my love, til' we meet again.
