REMEMBERING Cinnamon

We only had you for a year and a half but we cherished every moment with you. You brought our family many laughs and many moments come true, We loved your gentle spirit and your little Waddle too. We loved your bully snorts and little tapping feet. You made our home together warm and sweet.. You'll always be here beside us shining your beautiful bright light. We'll love you to the moon and beyond. For our love for you is never gone. We love and miss you Cinnamon "Cinnabun"
