

## Copper Cruz

June 25, 2007 - November 12, 2024

Copper was a momma's boy. The reason I always called him "my boy" he would always stand by me no matter where I was in the house. Not until I laid down he would lay down. He was like my shadow always by my side. He did love his dad sometimes. Copper you will be missed dearly. Until we meet again at the rainbow bridge I'll be sure to bring you a pup cup.
