I told you I would love you forever.

From the very first moment we met, until the very last & every day without you here

Until we meet again ☐

🐾🐾🐾🐾

We miss you with every breathe. Nothing feels the same . I've been going through so many pics and vids of you. You loved us so much & always let us know with kisses and cuddles. You became the best big Sis to Pen. You loved sunbathing ever since you were a pup. You loved meeting people, new dog friends and adventures. You had the best personality, so smart. Best ball catcher, Most athletic dog I've ever seen. You were obsessed with new toys & loved opening presents. One of your talents was fitting as many toys in your mouth that you could. You absolutely loved having company over, you thought everyone was there for you. You loved snack time with me even if it was fruits or veggies you were such a good eater. steak was your ultimate fave, that's all you would eat for me up to your last day. You truly were a special one. Until

we meet again my Dal Pal. We love you endlessly 🤝
