REMEMBERING Easter

R.I.P Our sweet beloved Easter Girl. She was more than a Dog she was a protector and loved by many. She had such a calm composure about her. She was an amazing mother to her pups and all her human babies. She was a mother to 9 sweet puppies and 4 human babies she protected them with her life. She was 10 years old as of April 10th. She lived a long and beautiful life where she was very loved and adored. She will be greatly missed by so many. She touched everyone that came in contact with her. We love you "Eater" (what her human babies called her when they were younger). A.k.a "Halloween, Thanksgiving and all the other holidays in the year. Life without you is going to be a lot more lonely. Forever in our hearts ???. She will be joining her original owner her Daddy George Stephens in heaven.
