

Gracie Kempter

May 25, 2025

Our sweet Gracie crossed over on Friday, May 25 2025 from kidney failure. She was a loving girl, beautiful inside and out and has left us feeling empty and breathless with grief. Gracie gave the best hugs. She really did. She came into our lives when we needed healing and she did too. The first night in our home, she finally had a secure sleep. She was oh so smart and loved watching TV. I've never seen a dog love TV so much. She never complained when her illness started causing her distress, like bouts of pancreatitis, and having to receive fluids at home. She just accepted the needle and we made it as gentle as possible. She had a sweet, gentle and trusting spirit. Wherever we were, she wanted to be. She followed me everywhere and that was perfect to me. We loved her so much and she loved us back. She enjoyed her toys so much. At ten yrs old she was slowing down but was still very playful and loved her frisbee. Gracie was very special. She was unique. She had a wonderful and cute sense of humor. We miss her so much but we know she is free from pain and is playing in the Rainbow Meadows with all those who have gone before her. Gracie you will always be so loved, the memories so precious. Our babygirl, always.
