

Hera Conaway

April 29, 2024

Hera came to our family on January 13, 2024, and for 106 days, she brightened and brought so much joy to our lives. At 4:47 p.m. on Monday, April 29th, Hera left his earthly world, and is no longer in pain, but made whole again, and awaits her family at the Rainbow Bridge.

Hera was hearing impaired, but her family and friends are sure she knew what they were saying, every time they spoke to her. Her mom talked and sang to her every day. Hera traveled to work with her mom, and never met a stranger. Hera's favorite treat was anything flavored with peanut butter.

Although we do not know what she experienced in the first 10 years of her life, for the last few months, she was shown so much love, compassion, and care. Hera was a sweet soul and everyone who met her loved her. Hera's nicknames were Hera Beara and Hare Bear. Hera was her chosen name, named after the wife of Zeus, the goddess of childbirth.

Hera's paw-rents are Michael and Nichole, her tiny human is Brooklyn, and her fur siblings are Josie Lou and Lincoln. Hera also has a bearded dragon brother named Pete.

Hera was so loved and will be dearly missed.
