

Izzy Speer

August 3, 2015 - August 19, 2024

“We didn’t find Izzy, Izzy found us! She joined our family when Ryne left for college and held a special place in our hearts from the moment we got her. She was ornery and mischievous, loved food and only semi tolerated being held. It was always on her terms. But her terms were great and provided us with almost 9 years of love and affection from her. Izzy will forever be missed and never forgotten. We love you sweet Izzy-girl. And we miss you like crazy. We will see you at the Rainbow Bridge when its our time to come get you. Until then chase everything you can and watch over us.”
