“To be known is to be loved, and to be loved is to be known.”

Jaxx was Born In January, He was a rescue puppy so as fate would decide for us Jaxx became part of our family at 3 months old, he grew up with his best friend Christian who like any child would try to ride him around the house of course Jaxx was not very happy about that but he allowed them to him anyways, then when Jaxx was 5 years old he was introduced to his new furry baby Rocco who slept by Jaxx every night and fought with him like brothers do.

Yakipoos, Favorite Hobbies were well they speak for themselves in the photos, The dog liked- No LOVED to Eat & Sleep and hated going outside unless it was a car ride. Jaxx's other Favorite thing to do was "help grill" he would walk back and forth and make sure the food wasn't going anywhere.

Jaxx was very uncomfortable and so at around 2 am he was rushed to a emergency vet in Garland and they took wonderful care of him, he wouldn't have made it through the surgery and they were afraid that because of his age it would cause more stress on his already fragile declining body, so the vet directed us in the best path for Jaxx to be put to rest, they put him under some

medication where he wouldn't feel a thing, the causes of this was something called (GDV) she said it was very common in deep chested dogs, and Jaxx was 11 years old the surgery wouldn't be successful for his age. At 4:20ish Am Jaxx was peacefully sleeping 

“So how do I say goodbye,
To someone who's been with me for my whole dang life”
