

Jo Jo Poole

July 29, 2025

Jo Jo Poole obituary:

Jo Jo left this world on Tuesday July 29, 2025. She was a doxi-poo and just five months shy of turning eighteen years old. Jo Jo had black wavy hair and it was just as soft as silk. She had many great life adventures, traveling to many different states, even as far as South Dakota. She loved to help drive. Jo Jo was fearless, loving, and a little circus clown standing on her hind legs begging for pets, treats, and whatever food anyone was eating. She loved to eat, never missed a meal and never not finished a meal. Jo Jo was a true momma's girl from day one, when Jo Jo came home at eleven weeks old. She was always by mom's side. She was happiest being held by her mom and loved to cuddle in the mornings. Doggie dementia closed in on her the last year until the right thing to do was let her go. The house is so deafeningly silent without her. She is so greatly missed. Jo Jo is survived by her human mom, human dad, her two sisters, Faith (cattle dog) and Zoe (big dog mix), her human grandma, and cousin Honeybear (havanese). Until we meet again my sweet little baby girl, Momma loves you always and forever. 💔
