REMEMBERING JUNGLE

My Jungle bear. I cannot believe that you are not physically with us.. 8 years ago I adopted you and I promised you I was going to take care of you until one of us leave the earth. And I did it my love . You became my best friend and I know I was the center of your universe I miss your barks and I miss going to bed every night with u besides me, I still find your hair on my clothes and that's when I think you are here still with me , You will live forever in my heart stronger than ever . Thank you for all the kisses and all the love you gave me .. I love you and I will always love you my little Jungle bear. This is not a goodbye I will see you again...
