REMEMBERING Ladi Bug

My dearest sweet Ladi Bug.. We will miss you so much and mourn you the rest of our life. You will never be forgotten. The day I got you, I was told you would not live. 19 yrs later you joined Heaven to run the green grass, pull up those flowers and bark at the birds. While enjoying your steak and pancakes and finishing them off with vanilla ice cream. I will miss you every day and night my sweet girl. You are the best friend that was always there for me. I know that you are no longer in pain and running around like mad. I will hold my dearest memories of you trying to say MUM and talking to me. Your hugs I will miss as well. I miss you and love you dear my sweet babe. Thank you for saving my life. Miss you and love you. Please come and visit in spirit my sweet babe.
