

## Lady J Joyner

December 25, 2011 - June 1, 2025

We adopted her when she was almost 3 months old. It was between her & her brother but there was something in her eyes that let us know she was the one. She helped us raise 4 kids and she has been the most loving & loyal pup! She will forever be missed! She loved to go on walks, she loved to go on road trips with dad & sit in the front seat, she loved to go to the dog park, she loved to play in the pool to cool off and she was always a good patient when her sisters played vet with her. Our youngest son would pretend she was a horse when he was little and she loved all the attention. She loved to eat oranges that would fall from the tree and she didn't mind getting attacked by her cat brother, it made her want to play even more. She didn't have a mean bone in her body and until her very last day, she never knew she was "old". We were so blessed to love her for 13 1/2 years (plus eternity) and even more blessed to be loved unconditionally by her! She's now making new friends and running around all the dog parks she can find. We love you forever baby girl! Until we meet again one day ♡
