### REMEMBERING Lexus

The sweetest, best behaved, most fun little girl has left us! We are absolutely distraught to have to say goodbye to our constant source of happiness these past 13 1/2 years. She had that ability to make everyday a bit brighter because of her good nature and loving, happy self. We only wish we could have had just one more day, but then we'd need another, and then another.... We hope you're running, jumping, playing, enjoying your favorite treats, and just feeling like your happy, healthy self. Until we meet again, Lexus, you will always be in our hearts.
