REMEMBERING London "Big Red" Richardson

London aka Big Red, Lundy Dundee passed away at age 15 surrounded by mama and daddy. London was the world's most gentle loving soul. A true Velcro dog she could never be petted enough especially while sitting next to daddy's chair! London loved treats of all kinds especially pizza, bacon, and hot dogs. London would "roo roo roo" for her food or to be let outside. She never let mama forget when dinner time was! London was adopted at age 8 from a Golden Retriever rescue when mama and daddy moved to TX to join sisters Mija and Misty. London once chased off coyotes that had gathered in a field near her people's apartment complex. London loved to ride with her head stuck out the window. She was a gentle soul who never met a person who wouldn't pet her or love her or dog to be her friend. London would always "deflate" before lying down and never failed to follow momma to bed to go night night. London was especially known to give hugs where she would gently jump up and wrap her paws around your waist. London knew how to sit pretty for a treat! She would care for the squirrels in our backyard, care for them in heaven. We love you now and always. London's sweet old soul will be missed. She was preceded in death by her sister, Mija the Chihuahua. I pray you both meet at the bridge. She is survived by mama, daddy, her doggie sisters, and extended family and friends. Big Red, run free my love.
