REMEMBERING Lucky

Lucky was brought into our lives at a very tender age. He has been a part of our family for over 13yrs. He stole our hearts from us since day one. To know him is to love him. He brought so much joy into our lives. He was very smart, playful and energetic. Everyone who came in contact with Lucky he left a lasting impression. He brought so much joy and love into our lives. Our home will never be the same without you. You were our companion, our big bark, our protector and most of all our brave mister. We all will miss giving you your treats and warm hugs. We did not know that today would be our last day spending with you but, I know that on the other side of the rainbow you were welcomed with loving arms. We will cherish all the great memories that we had and shed tears occasionally. One of the things that I will miss the most is seeing your happy and bright face when I come home each day. We love you and our hearts will forever wear the pawprints left by you.
