

## Mia Estrada

July 4, 2014 - December 17, 2024

Mia Biiiah, our firecracker, so full of life and spunk. My favorite throwing partner. Fun memories of throwing endless "babies" (stuffies) for you to fetch and you never bringing them back close enough for us to re-throw them. Playing for hours without taking breaks if you could as I would have to keep the "baby" and sit by your water bowl for you to drink and rest. Super proud of your quickness, agility to run, jump and leap on the "babies" with your natural competitive instincts. We joked and mentioned what a great ball fielder you would be if only human. Your strong spirit and fierceness, ready to take on the world with your barking and tail wags, always bringing big dog energy. The parks and walks will never be the same, but please know Brother Maxy and Sister Shasa are keeping us busy on Earth. Thank you for being super amazing and always willing to comfort us and keep us safe with your snuggles and kisses, reassuring us by pawing at our legs and scratching at us to pick you up or cradle you to give you your deserved belly rubs. Missing your sweet snuggles and the way you would nudge to get under the covers to your favorite spot right next to mama, pressing your body tightly against me, as to make certain I knew you were asleep right next to me. Growls at dad for getting too close and making sure he kept his distance. We have been truly blessed with the best for a little over 10 years, but thank you for choosing us for all your years. I will miss my sweet little "work bestie" waiting every morning to enter our office to lay in your favorite spot by my desk so you can "work" on your doggy naps. We will endure a lifetime of missing you for the

privilege of loving you for all of yours! We love and miss you so much!
