

## Molly

September 13, 2015

### REMEMBERING Molly

Fifteen year old Molly left us quietly yesterday, fittingly while resting on the couch, her favorite place in the whole wide world. Her last breath was taken while being comforted by her two best buddies, Phyliss and Cathie. Longtime mascot of the Moore family in Forney, TX, Molly would take on any foe, animal or human, regardless of the fact that she weighed only five pounds, and had as her only weapon a bark that regularly broke the sound barrier in Kaufman County. To make sure she does not get in too much trouble, cousins Bubba and Bessie have vowed to look after her. Molly would go after the Direct TV installer, the UPS man or any person or thing she might perceive as a potential risk to the territory she protected. With this in mind, her big sister PEACHES has volunteered as Molly's full time body guard in doggie heaven. A little ole dog with a loud bark....forever the real mascot of the Moore family in Forney. Sweet, sweet Molly, rest in peace my special little friend. Phyliss and Cathy
