

Mox

April 10, 2020

REMEMBERING Mox

Mox was born March 2, 2010 and passed on April 10, 2020. He lived a full life. Born in Hawaii he spent his puppy days at many dog parks and beaches. He loved the sun. He took a long plane ride in August 2011 from Hawaii to Houston then onto Chicago where we went to our new home in Wisconsin. Thankfully, he liked the snow too! Almost every Friday he spent the day at doggy daycare, Pet Me, Scratch Me. He never took naps he had to play the whole time! He was full of energy. In November 2014 he took a long car ride to Texas where he lived out the rest of his years. He was such a good boy. Always the best behaved child in the house compared to his two human sisters that kept him busy. We always felt safe with him near. He had a great bark but was just as sweet as could be. He was diagnosed with diabetes in July 2019 and we kept him with us as long as we could and just wanted him to have quality of life. He was so loved and missed more than we could have imagined. We can't wait to be with you again Moxie!! In the meantime, do what you did best and watch over your girls.
