### REMEMBERING Oreo

Oreo was a kind and gentle soul. A rescue from the streets she was found in a deployable state. She was rescued by a kind young man who was unable to keep her and so it was with finally with us she found a loving family. She was Alexis birthday gift. She had a sister Daisy whom she shared her play time and many treats. She shared 3 years of much love and happiness. We want to remember her for her happy and bouncy walk, her loving kisses and her ability to make us smile. She will always be remembered and a part of our hearts. We love you and will miss you dearly Oreo snow. Many tears have been shed for how you left us. But we will always remember how much love you gave us everyday. Be at peace now till one day we can give you more kisses and belly rubs.
