

Pandora Richardson

September 25, 2010 - November 29, 2023

Pandora Richardson 9/25/10-11/29/23

Pandora was a rescue from a litter found at a lake in Georgia. On May 10, 2011, she found her forever home at 9 months old. She chose us. Pandora was feisty and silly. In her younger years, she could be found chasing her own tail, fighting the string in the blinds, or climbing herself in the Christmas tree or on top of cabinets. She saw two human kids come home with her mom and dad, moved across the country a few times, and loved to snuggle. Her favorite winter activity was sitting in front of the fireplace. She chose her human to be our son, and that was her best bud. She laid with us when we were sick, making sure we weren't alone at all times. She was well loved and spoiled by her family for her entire 13 years on this side of the rainbow bridge. She is missed immensely and will forever live on as the best cat ever! We will forever cherish all the memories with her ♡
