

Pantera Mendoza

June 9, 2026

Pantera was adopted 4/4/2019. She was smart, loving and caring. If you cried, she immediately came to your aid and pawed your face for comfort and reassurance. When sick, she stayed by your side ever so diligent to your care. When cooking, she was the sous chef, ensuring quality control from the kitchen floor. When showering or in the bathroom, she was a guardian outside the door. She had several nick names: Mamas, baby girl, boney butt, cabrona, little void, maiz negro, and princess. She hated the camera which made it difficult to capture her cuteness. Pantera was a picky eater, she only loved dry food and treats (her favorite word). Her favorite activities were early morning sunbathing, window naps, and napping on laps over a blanket for hours. She was a scent aficionado and was never scared to discover new aromas. She will be missed by her mom, grandpa, auntie and uncle.
