

Phoenix Mendoza

April 1, 2015 - March 27, 2024

I adopted you at just 3 months old and you were my first fur baby. I was incredibly excited to bring you home with me and pamper you with lots of love. I spent the past nine years loving every second that I had with you, and please know that I will never stop loving you. I am going to miss you waking me up at 2am because you want me to make room for you. I am going to miss your smelly chicken breath. I am going to miss you suffocating me while laying on my chest. I am going to miss you scratching the inside of your litter box and leaving traces of your sand everywhere. I am going to miss seeing you around the house in all the chairs, tables, and windows. I am going to miss hearing grandma tell you to stop scratching her sofa. I am going to miss you crying by the door because you wanted to go outside to sunbathe. I am going to miss you as a whole. You were the light of my life for all these years and I feel lost without you, but I am happy to know that you are in a better place now and are no longer suffering. I hope you are receiving lots of those chicken yogurts you loved to eat. I hope that you are chasing all those straws you liked to play fetch with. I hope that you are lying under that bright sun and warming up your beautiful orange coat.

I love and miss you dearly, Phoenix. You lived such a beautiful life from April 2015 to March 2024. I am happy to have provided you with such a loving home for all these years and watching you grow into a handsome baby. I hope that you know you are always in my heart wherever I go and I am waiting for

your presence in any shape or form. We will be reunited again and I am counting down those days.

- Lots of love and kisses from your mom, Andrea.
