

## Punkin Lunkin

December 7, 2022

### REMEMBERING Punkin Lunkin

Punkin Lunkin was born on August 18, 2012 by his doggie mom, Buda. He was one of eight boys in that litter. I, his human momma, have loved him since I first saw him that day. Punkin loved to spend time with momma, play with his lovie and take care rides to visit his granny. I will truly miss his kisses and his smiles. He taught me unconditional love and what that means in its purest form. Punkin passed from this world in the arms of his momma on December 7, 2022 at the age of ten. He had cancer on his kidneys, spleen and small intestine. Punkin's presence will be truly missed by all that knew him!
