His Humans Rjs Parents are David & Angelica Morgan of Campbell, Texas Siblings, Quintin Skinner & Alyssa Melton Rj had many friends in his life time and touched many people in a special way, many thanks to Ernest & Angela Chapa, Eddie & Lisa Morgan, Debbie & Naomi Melton, Cody Thompson & Ishmael for always going that extra mile to show him love and scratch his butt. Thank You Suzette Boudreaux for sitting with Rj & Greenville Animal Hospital Dr. Juddsen & Karri McCreary & staff for many years of continues care and dealing with an emotional pet mom more than once. Rj’s favorite toy was simply a water bottle, he loved to remove the cap, he loved to roll around in anything that smelled awful but he hated to take a bath,. His favorite sleeping spot was under the living room coffee table, or in the bed beside his dad David . He loved pizza crust, garlic bread & any human food that anybody was willing to share. Our favorite memories of Rj are every single minute of every single day that he was with us, he was our soulmate, the owner of our hearts and he will be missed... .
