### REMEMBERING Sami

Our precious, sweet baby girl, Sami, has crossed the Rainbow Bridge. She was 11 yrs old. She had a gentle and soft soul and we had a true connection. Our hearts are broken and her "brother", grieves too. Sami was a happy pup and enjoyed just being with her family. (She is the one "laughing" in the picture with her adopted brother.) She would meet anyone at the door with her stuffed toy hanging out of her mouth and loved cuddling. She brought such joy into our lives. She had a tender spirit and didn't like storms and so had her safe spot, near her mom and dad where she felt protected. We like to picture her running and playing, with strong legs, thru green grass with others who have gone before her. We know she will be waiting for us as we too cross the bridge one day. We love and miss her so much. Sami, our little angel, you are forever in our hearts.
