REMEMBERING Schafer

Schafer was 14 years old, He was a Sheppard/mix, he never met a dog he didn't like. Was always friendly to those who approached him.. Schafer was abused as a pup and was adopted to us when he was 18 months and has lived the life of a king. Schafer joined his sister Mitzi in heaven. He is survived by his brother Taji and sister Gracie and his two sidekicks Ashes and Olaf. He will be dearly missed
