REMEMBERING Shadrack Roundy

We knew the day we laid you to rest would be extremely difficult as our hearts are truly broken, when our beloved Shadrack Roundy crossed the Rainbow Bridge after struggling with various health problems over the past several weeks. We will miss him terribly and treasure the time we had with him in our lives over the past 14 years. It seems like just yesterday that he was just a mischievous little schnauzer puppy we picked up in Frankston, Texas. He was all attitude, had a heart of gold, truly loyal, gave us unconditional love, was the best companion we could ever ask for. He grew up to be the Four Paw King of the Horne household & took over the back seat area of the Jeep Wrangler as his personal throne everywhere we went. Thank you Dr. Rebecca Westbrook @ Loving Paws for helping our precious Shadrack reach Heaven peacefully from the comfort of our home surrounded by the people who loved him dearly.. Special Thank You to Miss Dee & staff at Pet Memories Rockwall for providing such special care of Shadrack & allowing us to send him off with his favorite bed & blanket. Your kindness & compassion is beyond amazing. We are forever grateful. We will always love you Sweet Boy!
