### REMEMBERING Sierra

Our beautiful and sweet Bearded Dragon, Sierra passed away, peacefully, with her family at her side. Sierra joined our family, in 2017, at 6 weeks old. Sierra was feisty and loved to eat. Sierra loved traveling in the car, and enjoyed being outside lounging by the pool. Sierra loved being cuddled by her human brother and sister. Sierra brought so much joy to our family and she will always be remembered as our big beautiful and loving bearded dragon. Sierra, we will miss you and thank you for giving our family so much love. RIP Sierra.
