

Sky Butler

March 3, 2026

Today we say goodbye to our beloved Sky.

Sky was our 9-year-old Great Dane, and we lost her on March 3. She wasn't just a dog — she was truly a member of our family. She was always by my side, loyal, gentle, and full of love.

I'm going to miss playing ball with you more than I can put into words. One of my favorite memories will always be watching you fall in love with the little human who completely won over your heart when we introduced you to our granddaughter. The bond you had with her was something special.

You brought so much joy, comfort, and loyalty into our lives, and our home will never feel quite the same without you.

Till we meet again, Sky.

Love you and will miss you every day.
