

## Snickers

August 10, 2021

### REMEMBERING Snickers

Remembering Snickers September 1, 2005 - August 10, 2021 We brought you home in the Fall of 2005, Oh! The joy you have brought into our lives. From walks to chasing squirrels and rabbits, you have always been on the go and have kept us on our toes. Bath time was always fun, especially when you were on the run. The kitchen proved to be your favorite hangout for sneaking and peeking around for any tasty handout. You had a curiosity with independence flare. From study times to car rides, you have always been right there by our sides. Bounding, prancing, springing, and spinning; you showed us all your acrobatic moves. Your loyalty is unmatched and exemplified by scouring out the window for any sight of our car and then excited to greet us at the door. You filled our home with toys, blankets, beds, and mostly love. We thank you for your unconditional love and will keep the memories of you in our hearts forever. As Paw-Paw would say, "You were one good pooch!"
