### REMEMBERING Sophie

Sophie was one of those sweet little dogs that just melted your heart. Just 3 months old when we got her, she was happy and playful and loved everyone. We loved and cherished her all her life. She was only 10 years old when cancer took her from us. I hope we were worthy of her total love and devotion. She was our baby and our hearts are broken. We gave her all the loving care we could. We miss you sweet Sophie and we always will.
