## REMEMBERING Sylvester

Sylvester 2002-2019 RIP It is with heavy hearts that we share with you that our "little kitty man" Sylvester began his journey across the Rainbow Bridge today, July 9, 2019 at 9:15 this morning. Sylvester was a handsome, near-purrfect tuxedo cat that was born mid-September of 2002. He adopted his "people family" approximately 8 weeks later thru Operation Kindness in Carrollton, Texas on November 21, 2002. During his almost 17 years with us he brought many happy days and many, many smiles. He was a bright light on cloudy days. He lifted spirits when spirits were down . He never judged or criticized. He did not have bad days. He accepted you if you accepted him. He also adopted David and Trish into "his" family in 2015 and welcomed them with open paws. We couldn't have asked for more. We are so thankful that he chose us as his "people family" and we now reluctantly return him to his feline family across the Rainbow Bridge where sick, wounded and worn-out little bodies are restored whole and pet families are reunited for eternity. What a joyous day for Sylvester as he gets to go home again! His task here is done, this journey of his is complete. Good-bye to our wonderful friend and family member. We are going to miss you ..... 'till we all meet again! Please remember him, and us, in your prayers in the days ahead. Elizabeth, Judie and Jimmie We never taught you, you taught us. Thank you and we love you kitty man. We'll see you again on the other side...
