

Tiddlywinks "Tim" Briscoe

December 1, 2023

It is with a heavy heart that we acknowledge the passing of a longtime friend. She has been a part of our lives for so long, some of us never knew a time without her. As the first pet of a new relationship, she saw a lifetime of changes. From an apartment to a house, from a couple to a family, she saw many other pets come and go. She was there when our children were born and has grown with them through the years. She was born into the name Tiddlywinks, but after several years of meandering deviations, Tim is the name that seemed to fit her best. Over the past 19 years, many songs were sung in her honor, mostly in a shrill voice and having to do with the daily tasks of being a cat. While it's far from a tragedy, it's undoubtedly a sad time. We are grateful for the many years we had with her.
