

## Zero Barcenas

October 29, 2025

Zero, a German Shepherd brimming with love and energy, was a faithful companion to Rosy and Fernando, his human parents, who brought him home as a puppy and always loved him deeply. Zero comforted his mom, especially after her mother's passing, and also protected his Dad, defending him with his protective instincts. Along with his sister Laika, another German Shepherd, he loved running and splashing in ponds, and always greeted the neighbors with his gentle gaze. Zero will be remembered for his loyalty, his unconditional love, and his protective spirit.

“ Zero was the most loyal dog I ever had. I was always afraid to have a German shepherd since they are full of energy and if not trained properly they can be disastrous. But Zero showed me different. He protected us. He accompanied me during my grief and give me love and comfort after my mom burial. No one knows how I was really feeling but he did he laid his head in my lap and walking everywhere beside me all day. He is really missed at home. His games with her fur sister and brothers. His bark and his always excited and sweet welcome home he always gave us. 03/01/2023-10/28/2025 Forever loved!
